

PHENIX

TAKE A LOOK ONLINE 

In partnership with Arpa Laminati we produced the first football table made in Fenix NTM, the innovative material created for interior design. The external surface of Fenix NTM involves the use of nanotechnology, the finishing is obtained thanks to next generations resins developed by Arpa Industriale research. The surface has a high scratches resistance, it's hygienic, easy to clean, mold resistant and hydro-repellent

This model has been presented at Pinacoteca di Brera during the Design Week of Salone del Mobile - Milano 2016. The cabinet and playfield is in plywood with Fenix NTM. Men in special colors Silver and Gold

Dimensions	cm.149x76x90
GWKOS	Kg. 60
Included	10 balls
