

## Assembling instruction

# AIR HOCKEY GRIZZLY

The Air Hockey is delivered already installed. All the electrical contacts and playing surface are in position:

- 1** Un pack the table and using the cardboard as a protection place the table on the floor upside-down. Please note that all the accessories are inside one leg
- 2** Fix the legs with the bolts given and place the table in position; the legs levellers will help you to adjust the table.
- 3** With the accessories you will find some black plastic caps. Insert the caps on the bolts of the top frame.
- 4** Connect the table with his electrical cable

**The table is ready to play. Have fun!!!**

Black plastic caps all over the top frame

**MADE IN ITALY**

### PLAYING SURFACE

The playing surface is stainless steel - don't use silicon or oil to clean it- use a soft piece of fabric damped with water or alcohol
